- Expand on the above items on which you gave your instructor a relatively LOW rating, and/or comment on the problem areas with the course or instructor. Be specific; suggest ways in which the course or instructor may be improved.

The project section of this course needs some serious refining. They don't require much knowledge that is present in the book. Secondly, the required use of Jstor is ridiculous. I understand the whole "Data-Base" idea but give us options. Jstor is very contrary and is usually a much longer process than it really has to be.
